

Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in the application.

Listing of Claims:

1. (Original) A feed or food product composition to be delivered to the digestive tract of a mammal, which comprises a mixture of bovine colostrum, comprising bioactive components, and organic particulate matter having a size between 0.3 and 7 mm in diameter.
2. (Original) The feed or food product composition as in claim 1, wherein the content of said organic particulate matter is between 40 and 80% on dry weight basis.
3. (Original) The feed or food product composition as in claim 1, wherein said organic particulate matter is particulate insoluble dietary fiber.
4. (Currently Amended) The feed or food product composition as in claim 3, wherein said particulate insoluble dietary are particulate fibers of cellulose, rice, maize, or soy, or a mixture thereof.
5. (Original) The feed or food product composition as in claim 3, wherein said particulate insoluble dietary fibers have water retaining capacity of up to 10 times their dry weight.
6. (Currently Amended) The feed or food product composition as in claim 1, ~~which~~ wherein the composition has bound water content of less than 5 wt%.
7. (Currently Amended) The feed or food product composition as in claim 1, ~~which~~ wherein the composition has free water content of not more than 10 times its dry weight.
8. (Original) The feed or food product composition as in claim 7, wherein the pH of said free water is between 5 and 7.

9. (Currently Amended) The feed or food product composition as in claim 1, ~~which~~ wherein the composition further comprises additional pre-separated colostrum fat.
10. (Currently Amended) The feed or food product composition as in claim 1, ~~which~~ wherein the composition further comprises vegetable fat.
11. (Currently Amended) The feed or food product composition as in claim 10, wherein said vegetable fat is rice, soy, rape, palm, or maize fat, or a mixture thereof.
12. (Currently Amended) The feed or food product composition as in claim 1, ~~which~~ wherein the composition has a fat content between 5 and 20 wt% on dry weight basis.
13. (Original) The feed or food product composition as in claims 1, wherein said bioactive bovine colostrum components are peptides, growth factors, immunoglobulins, lactoferrin, or lactoperoxidase.
14. (Original) The feed or food product composition as in claim 13, wherein said bioactive bovine colostrum components comprise 10-40 wt% bovine colostrum powder of 20-25 wt% IgG₁ on dry weight basis.
15. (Currently Amended) The feed or food product composition as in claim 1, ~~which~~ wherein the composition further comprises nutritionally effective amounts of non-colostrum proteins, carbohydrates, vitamins and minerals.
16. (Original) The feed or food product composition as in claim 15, wherein said non-colostrum proteins are whey proteins from bovine milk.
17. (Original) The feed or food product composition as in claim 15, wherein said non-colostrum carbohydrates are plant polysaccharides and low molecular weight carbohydrates.
